PROFILE

- I am a motivated and dedicated Computer Engineering student currently pursuing a Bachelor of Technology at Charusat University. With a strong foundation in PROGRAMMING LANGUAGE, SOFTWARE DEVELOPMENT, and problem-solving. I have a keen interest in areas such as java, Data science, Cyber security, power BI, Web Development and App Development. I am eager to apply my technical skills and theoretical knowledge through internships and projects that provide real-world experience and contribute to innovative solutions.

SKILLS AND TECHNOLOGIES

- **Programming** - C, C++, Java, HTML, CSS, JavaScript, Dart
- **Analytics** - Power BI, Excel
- **App Development** - Android studio, Flutter
- **Database** - MySQL, Mongo DB
- Visual Studio Code, MS Office, MS Word, PowerPoint

INTERNSHIP WORK EXPERIENCE

Web development, Giriraj Infotech, Rajkot, Gujarat

May 2024 - June 2024

Website: - Online Fire Reporting System

- **Improved Designed User Interface:** Created intuitive and user-friendly interfaces using HTML for structure, CSS for styling, and JavaScript for interactivity.
- **Developed Responsive Design:** Implemented responsive web design techniques to ensure the application works well on various devices, including desktops, tablets, and mobile phones.
- **Implemented Reporting Features:** developed forms for users to report fires with detailed information, including location, severity, and description, using HTML and JavaScript.
- **Created Admin Panel:** Developed a secure admin panel for managing reported fire incidents, user data, and system settings using HTML, CSS, and JavaScript. Provided functionalities for admins to review, update, and delete fire reports.
- **Managed User Authentication:** Implemented user authentication and authorization using JavaScript frameworks and libraries, ensuring secure access to the admin panel and reporting features.
- **Utilized MongoDB for Data Storage:** Used MongoDB as the database to store user data, fire reports, and admin information.
- **Developed Real-Time Features:** Implemented real-time updates for fire reports using WebSocket or similar technologies to provide up-to-date information to users and administrators.

Web development, Giriraj Infotech, Rajkot, Gujarat

May 2023 - June 2023

Website: - Scar Drive

- **Developed Responsive Websites:** Created websites using HTML, CSS, and JavaScript to ensure responsiveness across various devices and browsers.
- **Implemented Front-End Frameworks:** Utilized frameworks like Bootstrap, React, and Angular to streamline development and enhance user experience.
- **Integrated Back-End Services:** Connected front-end applications to back-end services using RESTful APIs and AJAX for dynamic content updates.
- **Managed Databases:** Worked with databases like MySQL, PostgreSQL, and MongoDB to store, retrieve, and manipulate data efficiently.
- **Used Version Control Systems:** Employed Git for source code management, enabling team collaboration and version tracking.
- **Utilized MongoDB for Data Storage:** Used MongoDB as the database to store user data, fire reports, and admin

information.

App development, WEE Tech Solution, Surat, Gujarat

August 2021 – March 2022

Application: - Foodeteria

- **Developed Android Apps:** Created and designed mobile applications using Android Studio.
- **Worked with APIs and Databases:** Integrated REST APIs and used databases like SQLite and Room.
- **Performed Testing:** Wrote tests to check the functionality and user interface of the app.
- **Used Version Control:** Managed code using Git and collaborated with team members on GitHub/GitLab.
- **Optimized Performance:** Improved app performance and fixed issues using profiling tools.
- **Used Jetpack Components:** Implemented components like LiveData, ViewModel, and Navigation for better app management.
- **Utilized Firebase for Data Storage:** Used Firebase as the database to store user data, fire reports, and admin information.

EDUCATION

- **Btech pursuing in Computer Engineering, CHARUSAT, Anand, Gujarat** June 2022 - May 2025
- **Diploma in Computer Engineering, Tapi Diploma Engineering College, Surat, Gujarat** June 2019 - May 2022
CGPA: 8.68/10.00
- **Secondary School, P P Savani Chaitanya Vidhya Sankul, Surat, Gujarat** April 2017 - April 2019
Percentage: 80.00/100.0

CERTIFICATIONS AND ACHIEVEMENTS

- Android App Development (Wee Tech)
- UI/UX Certificate (Giriraj Infotech)
- Web Development (Giriraj Infotech)
- PHP- To create web application in MVC (TOPS TECHNOLOGIES)
- HTML, CSS Certificate (Great Learning)
- Artificial Intelligence (Great Learning)
- Deep Learning (COUSERA)
- Web Designing (TOPS TECHNOLOGIES)
